IGNITION

WITH 3 - LINE SAFETY AND RELAUNCH SYSTEM

THE IGNITION KITEBOARD TRAINER KITE IS NOW IN ITS 5TH YEAR OF DESIGN REFINEMENT AND WITH THOUSANDS OF IGNITIONS SOLD AND IN THE HANDS OF THE PUBLIC IT HAS PROVEN TO BE THE PERFECT KITE TO ENTER THE SPORT OF KITING SAFELY. AVAILABLE IN 1.6M, 2M, 2.5M AND 3M SIZES.

FEATURES:

- Simple to set up and fly, with lines pre-attached
- Easy to use safety leash
- Performs in a wide range of wind conditions
- No previous kite experience required
- Sizes to suit all ages and land kiting activities
- Light weight and compact for easy travel
- Exceptional quality at an unbeatable price
- Ozone warranty and satisfaction guaranteed

SIZES / COLOURS:

Designed to bring out the kiter within everyone, the IGNITION trainer kite is responsive, smooth and stable with enough power to ensure you'll be ready to progress safely and with ease.

The unique 3-line Safety System with Safety Leash guarantees safe, easy re-launch and gives you the ability to land the trainer kite by yourself. If you feel too much power or are ever unsure all you have to do is let go of the bar, and the IGNITION trainer will land automatically and wait for you until you re-launch it again.

We recommend the 2m or 2.5 m for the best balance of performance and power – go smaller in high wind locations and choose a bigger size in light wind areas.

Whatever your age or kiting ambitions, Ozone's IGNITION Kiteboard Trainer is the perfect power kite to get you started in the most exciting new sport on the planet. Children should use the 1.6m size and in winds less than 10mph and always be under careful adult supervision.
